## ADVANCED MICRO DEVICES

- Select **Mobile App** from the drop-down list → select **Use verification code** → click on **Set up** as shown below.

## Additional security verification

Secure your account by adding phone verification to your password. [View video to know how to secure your account](#)

### Step 1: How should we contact you?

Mobile app ▼

How do you want to use the mobile app?

☐ Receive notifications for verification

☐ Use verification code

To use these verification methods, you must set up the Microsoft Authenticator app.

Set up

Please configure the mobile app.

Next

- Follow the steps shown in the next screen as shown below. (QR code below is shown only for example)

## Configure mobile app

Complete the following steps to configure your mobile app.

1. Install the Microsoft authenticator app for Windows Phone, Android or iOS.
2. In the app, add an account and choose "Work or school account".
3. Scan the image below.

[Configure app without notifications](#)

If you are unable to scan the image, enter the following information in your app.

Code: 822 068 193

Url: <https://cys01pfpad11.phonefactor.net/pad/120173373>

If the app displays a six-digit code, you are done!

cancel

## ADVANCED MICRO DEVICES

- After scanning the QR code, you should be able to see account added successfully pop-up on your mobile app and displays a six-digit code.
- Follow the on-screen instructions, enter the six-digit code which is shown in the mobile app if prompted on the screen.
- In the next page, select the country from drop-down list and enter your mobile number (this is required to recover the account in case of any issues while logging in to the mobile app).
- Now you are all set to proceed to login AMD assigned Citrix virtual desktop.

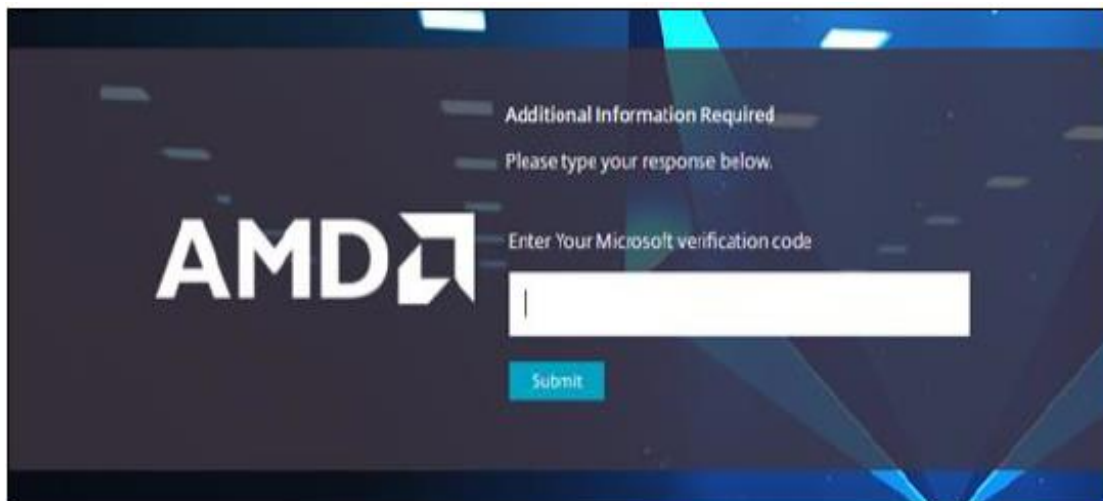

**Step 3: Login to AMD Citrix virtual desktop**

- Open the link <https://amdapps-ext.amd.com> and bookmark in Chrome browser.
- Enter your AMD credentials as shown in below format.
  - User name: NT ID
  - Password: *Same password which is shared to you*

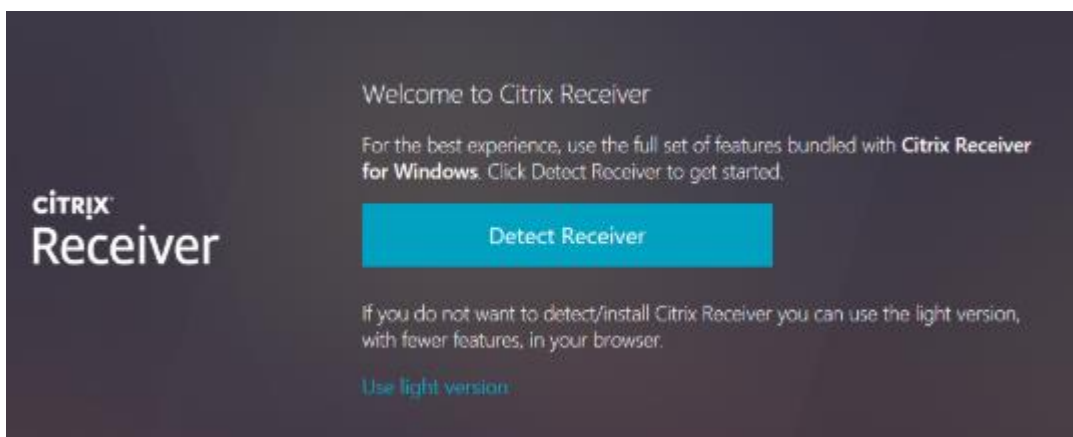

The image shows a login interface for AMD. On the left is the AMD logo. To the right, there are two input fields: 'User name:' with the text 'Idilip' and 'Password:' with a masked password represented by dots. Below these fields is a blue 'Log On' button. At the bottom right, there is a link that says 'Use another logon option'.

## ADVANCED MICRO DEVICES

- In the next screen, it will prompt for the Microsoft Authentication code.
- Open the **Microsoft Authenticator** app in your mobile and enter the 6-digit code which is displayed and click on Submit.

- You will see the next screen as shown below → Click on **Detect receiver**

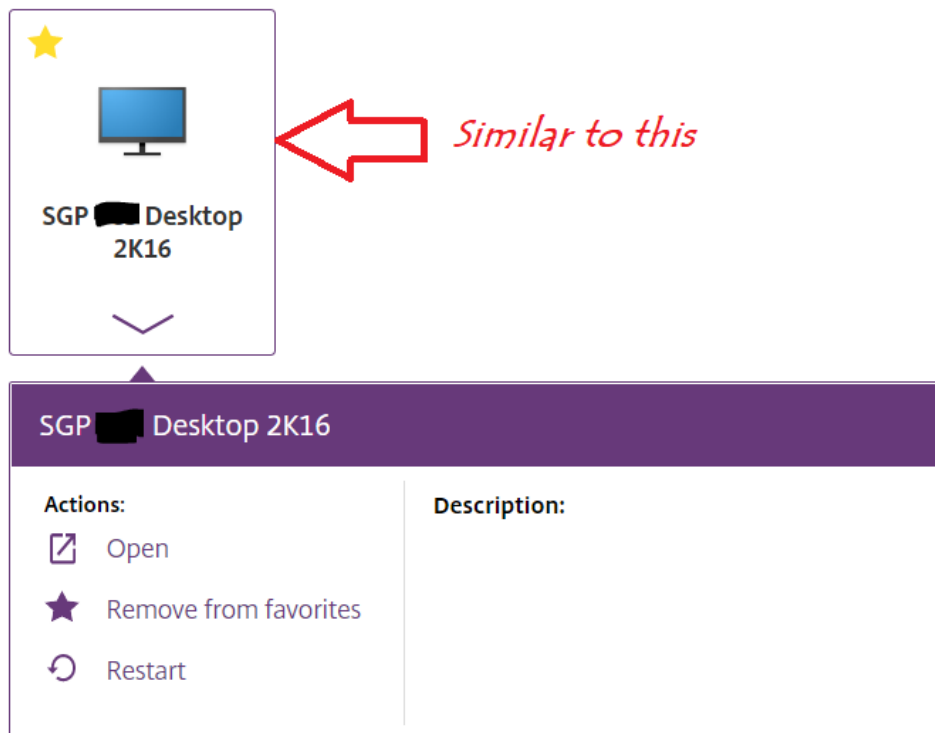

- After clicking the Detect Receiver button, you will see a pop-up on top of the web page as shown below, click on **Open Citrix Workspace Launcher**

## ADVANCED MICRO DEVICES

- Next, you will see a desktop icon named **Desktop SGP-CORP**

- Click on the icon to open the desktop from Citrix Workspace launcher.
- Citrix Receiver starts the session in a new window and loads your Citrix virtual desktop.

- You have successfully logged in to **AMD Citrix virtual desktop**, and all set to start your work.
